

DISKOSTICK EXPERIENCE

Book The DiskoStick Experience

Curated performance art and DJ presence exploring identity, duality and the politics of appearance.

DiskoStick delivers immersive DJ-led presentations tailored to venue, audience, and preferred conceptual format. Every performance balances musical practice with thoughtfully constructed identity investigation.

PRESENTATION FORMATS

1. Contextual Presentation - Full Symbolic Framework

This is the full *DiscoExposed* experience. It uses the complete symbolic language of the project - mask, formal attire, and controlled exposure - as a live investigation into identity, appearance, and power. Nudity, when present, is used as controlled exposure: a contextual artistic element that invites reflection rather than spectacle.

Audience: 18+ only

Suitable for: galleries, curated exhibitions, adult-minded venues, concept-driven events.

2. Conceptual Presentation - Threshold Format

This version retains the project's conceptual tension while moderating visual exposure. Flesh-coloured presentation replaces full exposure to emphasise mediation and intention. It is ideal for environments that appreciate symbolic inquiry without full symbolic transparency.

Audience: adult or mixed

Suitable for: cultural events, festivals, experimental performance, private celebrations.

3. Considered Presentation - Constructed Identity

A fully accessible presentation that foregrounds persona as self-defined performance. The performer is fully clothed, using mask and attire as instruments of expressed identity. This format fits contexts prioritising music, presence, and performance over conceptual intensity.

Audience: all ages / accessible settings

Suitable for: corporate events, private parties, weddings, public gatherings.

BOOKING PACKAGES & RATE CARD

Rates reflect the conceptual focus of performance, duration, and presentation style. All packages include a base DJ set tailored to audience and context.

Private Events

3-hour base performance unless otherwise agreed.

Package	Presentation	Guide Price
Bronze	Considered Presentation	£900
Silver	Conceptual Presentation	£1,200
Gold	Contextual Presentation	£1,500

Curated / Corporate / Gallery Presentations

Package	Presentation	Guide Price
Considered	Constructed Identity	£1,200
Conceptual	Threshold Format	£1,500
Contextual	Full Symbolic Framework	£2,000+

These packages support professional environments and spaces where conceptual engagement is central.

Add-Ons / Optional Extras

Clients can adjust their quote based on the following:

Add-On	Cost	Notes
Additional Hour	Private: £200 per 30 mins Corporate / Curated: £300 per 30 mins	Extend your performance beyond the standard 3–4 hours
Lighting / Visual Effects	£150-£300	Enhance atmosphere and create a more striking presentation
Sound Equipment	£100-£300	Speakers, monitors, or tailored setup for your space
Travel / Mileage	£1 per mile outside base radius	Covers transport costs for locations beyond the standard area

Pricing Calculator Framework
