

BOOKING & RATE CARD

London · 2026

DiskoStick is a London-based DJ with over thirty years of professional experience across live events, television, radio and music production. Sets are rooted in classic disco and Philly soul — Chic, Sister Sledge, Gloria Gaynor, ABBA and the deeper Salsoul catalogue — brought into the present through contemporary rework producers. The music is warm, groove-focused and makes people dance.

DiskoStick performs with a consistent visual identity: a mirrored disco mask, formal tailoring, and an exposed human body. Three performance formats are available, agreed in advance, to suit venue, audience and context. Every format delivers identical musical quality and professional presence.
